HOBBIES AND INTERESTS

I'm a musician, I played piano in several music bands.

I'm very fond of drawing, and of oil painting.

I have an interest in classical culture, especially literature and painting (my favourites are Italian Renaissance painters and XVIIIth century daily life pictures)

Dear Sir or Madam,

I am a graphic designer and illustrator with eight years' experience, now seeking a position in Paris as an Art Director within a communications team. I am equally open to roles where my creative skills and versatility could add value.

My career has been guided at first by the love of art. This is the meaning I find in my profession: to contribute, in my own way, to the diffusion of beauty by creating visuals that are both striking and appealing. Over the years I have trained my eye not only through my work as a graphic designer, but also through drawing and painting, which have given me a **well-honed artistic outlook** today.

I also appreciate the **versatility** that my career path has allowed me to develop. I began my career as a freelancer, mainly working with clients from the non-profit sector, who entrusted me with print and web projects, logo design, and illustration work. For the past four years, I have also been working within the communications department of the Diocese of Fréjus-Toulon. In this small-scale environment I was encouraged to broaden my experience and to **self-teach new technical skills** such as video editing, motion design and photography. I have also regularly contributed to **strategic discussions** for the department's various projects.

In recent years I have likewise had the opportunity to develop my **interpersonal and relational skills**. Freelance work, facing clients on my own, proved particularly instructive in this respect: I had to learn to strike a balance between being accommodating and standing by an idea, or at times enforcing certain boundaries. In my employed role, I have greatly enjoyed rediscovering **teamwork**, which I had missed, and which is a strong source of motivation for me.

I am now eager to take on a new challenge as a graphic designer or art director. My CV is attached, and my portfolio can be viewed at www.agnesdereviers.com. I would be delighted to discuss how my experience and creativity could support your projects.

Thank you for your consideration,
Best regards,

Agnès de Reviers

“Dear Sir or Madam,

I, the undersigned, Virginie Marrocq, Head of the Communications Department of the Diocese of Fréjus-Toulon, am writing to recommend Agnès de Reviers in her capacity as graphic designer and art director.

Agnès has been employed in this role at the Diocese since February 2021. At a time when the department was being restructured, she played a key role in developing the visual identity of our organisation. She was the creative force behind the design of our current magazine, which has been widely praised for its graphic quality and for standing out from the more conventional style.

Over the past three and a half years, she has demonstrated great adaptability in responding to the diverse requests of our various departments and affiliated groups, often working from uneven briefs, sometimes provided by volunteers with little experience in this area. She has shown her ability to manage urgent demands and to meet deadlines during particularly busy periods. I have greatly enjoyed working with Agnès, as she has consistently demonstrated reliability, commitment, and sound judgement in her creative proposals.

On a personal level, she is gentle, attentive, and an excellent team player. Always present, punctual and even-tempered, she is someone you can rely on. For the Diocese, her departure is a real loss, and it is with regret that we see her leave. I can only strongly recommend her, as I am certain that her qualities, both human and professional, will be an asset to any organisation.

Yours faithfully,

Virginie Marrocq
Head of Communications Department
Diocese of Fréjus-Toulon”

FREJUS-TOULON

Madame, Monsieur,

Je soussignée Virginie Marroccq, responsable du service communication du diocèse de Fréjus-Toulon, vous adresse le présent courrier afin de vous recommander Agnès de Reviers, en sa qualité de graphiste et de directrice artistique.

Agnès est salariée à ce poste au Diocèse depuis février 2021. Alors que le service se reconstruisait, elle a été moteur dans l'élaboration de l'identité visuelle de notre structure. Elle est à l'origine de la maquette de notre magazine actuel, qui est très apprécié par sa qualité graphique et se détache du style habituel.

En trois ans et demi, elle a su s'adapter aux demandes variées des différents services et mouvements, à partir de briefs inégaux (venant parfois de bénévoles peu habitués). Elle a montré qu'elle savait répondre aux demandes urgentes, et respecter les échéances pendant les périodes de *rush*. J'ai beaucoup aimé travailler avec Agnès, car elle montre du sérieux, de l'investissement et de la pertinence dans ses propositions.

Du point de vue du savoir-être, c'est une personne douce, à l'écoute et d'un relationnel facile en équipe. Toujours présente, ponctuelle et d'humeur égale, c'est quelqu'un de confiance.

Pour le Diocèse c'est une perte, et c'est à regret que nous la voyons partir. Je ne peux que vivement la recommander, car il est certain que l'ensemble de ses qualités, humaines comme professionnelles, est une chance pour toute entreprise.
